PAX®

Description

Flex U has 3 arms that are 450 mm long. The towel warmer has excellent drying capabilities. The individually pivoting U-shaped arms allow towels to hang freely in the air when needed.

Flex U is made of stainless steel and the effect is 41W. The towel warmer can be mounted right or left-hand. The towel warmer comes complete with Momento II™ bracket for concealed electrical installation placed at the bottom.

The built-in Momento II™ timer can be controlled via the app or manually. Via the app it is also possible to set different power levels, set schedules when the towel dryer will heat and pair with Pax Norte bathroom fan. Then the towel warmer switches on automatically when the fan's humidity sensor detects an increased humidity level, for example when you start showering.
